# Package Enhancements

## **Ceremony Setup – \$175**

- The ceremony setup includes a premium PA speaker, wireless microphones, and music for your wedding ceremony. Add this to your CELEBRATION or LITIGATION PACKAGE if your wedding and reception are in two different physical areas/locations because you will need two setups.

## **Outdoor Events – \$75 per Canopy**

- All outdoor events require a tent, rain or shine. Rain and electronic equipment don't mix for obvious reasons. However, sunshine is hot and can overheat and damage the sound equipment. You can choose to provide a 10' x 10' canopy/tent (or equivalent covered area) for your event if it is held outside or you can choose to have us provide one for you for a flat rate of \$75. In the case of rain, if the weather is dangerous to people or our equipment, regardless of covering, we reserve the right to not play or stop playing at our discretion without refund or penalty to the company or the DJ.

## **Overtime – \$250 per hour**

- Don't want the party to stop? Just let us know and we will usually be able to accommodate an hour or two more.

## **Additional Speaker Set – \$75 per speaker**

- Add an additional set of speakers to even out the room or put sound in an adjacent room. Please keep in mind, this will not be comparable to our ceremony setup because it doesn't come with wireless lapel microphone and other audio equipment that is essential for a ceremony.

**Holiday Fee – \$100** – Have your event on a holiday or holiday weekend! (Get this feature free with the Premium Setup).

**Travel Fee - \$50 per 50 Miles** from the center of Chattanooga, TN (according to Google Maps) – We travel throughout the southeast United States. This low travel rate is good faith that we are both willing to commit to being there for you and your guests. 100% of this fee goes to the DJ working your event.
